The status bar at the top right shows "MayBasic" and icons for video call, voice call, and search. The chat background has a light green pattern of various icons. The conversation history includes:

- A message from the participant: "Hey hi .. quick question. Can I get a job with this cert? Currently I'm going back to workforce. So this cert might help ." (10:28 am)
- A message from the participant: "U were saying I can't use my mid career credit? Why is that so?" (10:30 am)
- A response from the agent "+65 8323 5712 ~Lis" (10:35 am):

 - Says "Good morning! 😊"
 - Explains that Dental Assisting is a valuable skill set learned in a 2-day class, covering:
 - recognizing dental instruments & materials

 - how to anticipate the dentist's needs during procedures
 - States that with practice and experience, participants will build confidence and become proficient, supported by HR interviews and mentors at Q&M Dental Group.
- A message from the participant: "Oh I see. What the requirements to enter this course? And I have \$500 credits. Means I have to top up cash." (10:50 am)
- A response from the agent "+65 8323 5712 ~Lis" (10:56 am):
 - Repeats the participant's question.
 - Explains that midcareer credits are usually for longer courses.
 - States that participants should be able to read, write, and understand basic English.
 - States that participants will need to top up \$100 via paynow.

At the bottom, there is a text input field with the placeholder "You" and a "Good morning! 😊" message. The input field contains the text: "Ohh I see when attend this course and so any dental assistant job comes up I qualified? I just want to the probability. 😊 Im".

Step 2b: Answering Participants Queries

The screenshot shows a WhatsApp chat interface with a patterned background. The chat history includes a message from a contact (green bubble) dated 06/05/2026 asking about dental assistant job qualifications. The contact then receives a detailed response (green bubble) about a 2-day class, its curriculum (recognizing instruments, infection control, anticipating dentist's needs), and the support provided after passing an HR interview. The contact then asks for more details about the HR interview (grey bubble). The contact receives another response (green bubble) explaining the HR process (resume, Zoom interview) and the inability to provide specific interview tips. The contact then expresses understanding and thanks the sender (grey bubble). The chat ends with a friendly sign-off (green bubble) and a promotional message for MySkillsFuture.gov.sg (green bubble).

Dental Assisting is a valuable skill set that can be learned and developed with practice. During this 2-day class, you'll be guided through your daily job scope such as

- recognizing dental instruments & materials
- infection control
- how to anticipate the dentist's needs during procedures

With consistent practice and hands-on experience, you'll build confidence and become more proficient in assisting. If you pass the HR interview with Q&M Dental Group, we'll also have mentors to guide and support you along the way, so you won't be learning alone 😊

Sorry can u tell me more about what do u mean by if i pass the HR interview?

10:58 am

If you're interested in joining Q&M as a Dental Assistant, you'll need to go through the standard HR interview process like all candidates. This includes submitting your resume and attending a Zoom interview with HR. If you pass the interview, you'll then be offered a position 😊

As for how to pass the interview, I'm not too sure about the exact questions HR may ask, so I'm unable to advise on that. 🙄
